

**“The best officer down course I’ve attended in 24 years of law enforcement.”**

- LEO Participant

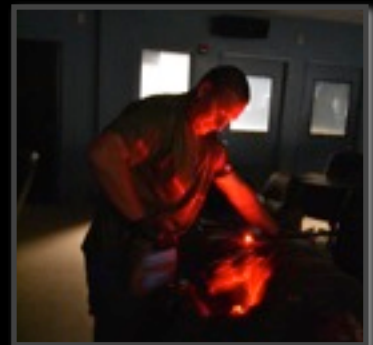

**The Trauma 1199 Basic Field Officer course exposes officer participants to the care of penetrating trauma under austere conditions.**

**Using the T.E.A.C.H approach, this course utilizes unique materials and training approaches to allow participants to master penetrating trauma care in the field.**

**Class fee: only \$99 per participant**

**Course fee includes all training & simulation supplies, use of SIMFAK, laser and F.I.R.S.T. training systems, tactical trauma notebook with MCI tags, T.E.A.C.H wrist band, and continental breakfast.**

## 2018 TRAUMA 1199 BFO COURSE

**NEW - 1/2 DAY TACTICAL TRAUMA TRAINING - Date & Location: [email us](mailto:swattrauma@gmail.com) to schedule**

This 4 hour short course is the latest rendition of S.T.A.T. Inc’s award winning tactical trauma training tailored to law enforcement officers of all levels & assignments. SWAT Trauma 1199 training has been lauded by veteran SWAT officers and trainers as the most innovative, hands-on, comprehensive, realistic and valuable tactical trauma training nationwide. The Basic Field Officer course is a shorter, focused, 4 hour classroom training session that exposes participants to a rapid & standardized approach to caring for penetrating traumatic injuries in the field & while under potential threat. Utilizing laser & proprietary simulation methods, the BFO course gives participants an opportunity to learn, drill, and gain mastery of the material in simulated austere conditions. To schedule training for your agency, or to sign up for a current training, contact us at [swattrauma@gmail.com](mailto:swattrauma@gmail.com).

**Please note: Seating for BFO course is limited to 12 officers per session.**
